

UKRAINE

in our hearts

If you are interested and would like to make a difference and impact the lives of those in Ukraine, I urge you to please consider donating to The Jewish Federations of North America, who has officially opened a mailbox to support the needs in Ukraine.

Here is where we are driving all of our traffic (includes a link to the donation mailbox):

Any assistance or support you are able to offer would be greatly appreciated!

We will continue to share resources as we are made aware of the need – so please be in touch with any specific requests that we can be helpful in responding to.

Additional Resources:

· Here is where we are driving all of our traffic (includes a link to the donation mailbox):
